

Family Resource Centers

Dade Elementary and Davis Elementary Schools will be adding Family Resource Centers to the schools. These centers will serve several purposes. There will be resources available to be checked out and used at home by families. Some resources are already available. If anyone has any items to donate, this would be appreciated. The Resource Centers can include books, videotapes (both for education and fun), games, take home bags with children's books and fun activities, and other resources to help parents work with their children at home. These items will be catalogued through the media centers and can be checked out. There are also some materials in the room that are free for families to keep.

Another purpose is to give parents a place to work for teachers. There will be tables and some supplies available. This will also be a place where parents can work together and spend time together. As time goes on, other uses for the room will develop and if you have any ideas, please let us know. A protocol for using the room will be posted in the room. Also, there will be a sign-in sheet. Please sign in whenever you use the room so we can keep a log of how much the room is used and how it is used.
